Mr. V. K. Aravindahsha Menon *(Chief Engineer)*:

(*a*) Yes.

(*b*) The Chief Engineer inspected the site to ascertain the necessary steps to be taken in the matter and further action is being taken.

(*c*) & (*d*) Yes. The size of stones to be collected is 1½ Cf. mostly. Some smaller stones necessarily have to be used for proper packing the larger stones. There has been some dislocation of stones at the top of the groyne by wave action. This is mostly caused by overflow. This will be remedied when the groynes are raised by two feet as proposed.
